

Self battery harvester

A long-time work is possible with a backpack-type battery. Only machine with Speed controller

Specification

Model		HV-30D
Structural	/	One man handle
Blade	/	Straight
Weight	kg	1.28
Motor	/	Permanent magnet brushless motor
Transmission	/	Gear
Battery	/	Lithium
Battery capacity	Ah	10 / 12
Battery voltage	V	24
Battery power	kw	0.2
Motor revolution	r/min	12000
Battery weight	kg	2.2
Motor votage	V	24
Work width	mm	300
Blade length	mm	377
Operating time on full charge		12 to 14 hour
Charge time for full charge	220V	4 hours
